## EXPERIENCE

Hello, I am a seasoned senior VFX compositor with 10 years of experience in the industry. Throughout my career, I have had the privilege of working at top VFX studios like Image Engine and Mavericks VFX, where I have contributed to a diverse range of projects, from hit television shows like "The Expanse" and "The Mandalorian" to major films such as "Gravity" and "Men in Black." With a deep understanding of compositing techniques and a strong creative vision, I am committed to delivering high-quality, photo-realistic visual effects that bring the stories and worlds I work on to life.
